I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I find it very helpful to be able to
purchase bio-identical compounded medicines by
mail as I live in an area they are not otherwise
available. This makes a big difference in how I
feel each month and I very much value
having a choice in where I make purchases.
The specialized pharmacies provide me service
not available from our local pharmacies.

I thank you for consideration of
my opinion.
